When in Salisbury about dark if you hear the sound of heavy shotguns all over town, don't be alarmed, as it is only the citizens "shooting" black birds out of their shade trees. Roosting black birds soon become a nuisance.

The patent gate man struck us this week, and after cleaning off the weeds on a corner lot set up one of the smoothest gates that we have ever seen. Farmers whose time is valuable need all the time-savers they can get.

John D. Ford, one of the Mike merchants, passed through town Saturday, and some of our people thought it was Wellman on his way to the north pole in his flying machine. Seldom has a community been so stirred up over the death of a little child. Bright beyond his years with such dear, little, affectionate ways he endeared himself to all who knew him, but was too good and pure for this earth and its wickedness and God reached down and took him home for the says: For such is the kingdom of heaven. The bereaved parents have the sympathy of the entire community in their sad loss.
